

## **Mineral Fun #7**

### ***Make a "Find the Mineral" Maze***

This isn't tough, but it's fun. Once again, you will need your computer and internet connection. Go to

<http://www.discoveryeducation.com/free-puzzlemaker/>  
and click the "Mazes" link. Follow the directions. You can create mazes that are easier, harder, smaller, larger. Here's an example: Find the Fluorite.

Make it interesting. Copy the maze and give it to 10 friends. Make it a contest and see who can find the fluorite crystal the fastest.

Just for the fun of it, here's another maze to try. Make your way to the gold specimen in the middle of the wheel.
